SAFESEARCH LOCK ON SAFARI & FIREFOX

When SafeSearch is on, sexually explicit video and images will be filtered from Google Search result pages, along with results that might link to explicit content. When SafeSearch is off, we'll provide the most relevant results for your search and may include explicit content when you search for it.

Go to Firefox Search for Google browser

Select Settings

Click “Lock SafeSearch results”

Enter your details or set up a new Google account
Once logged in select “Lock SafeSearch” button

SafeSearch is now locked across all Google domains
